Space and Naval Warfare Systems Command Awards Contract Modification

SAN DIEGO — *ViaSat, Carlsbad, Calif., is being awarded a cost-plus-incentive-fee/firm fixed price engineering change proposal modification, and a cost-plus-incentive-fee/firm fixed price delivery order for a not-to-exceed amount of \$60,729,345 for the product improvement of the Multifunctional Information Distribution System Low Volume Terminal (MIDS-LVT) to a Joint Tactical Radio System software communications compliant architecture under Contract N00039-00-D-2101 for U.S. Navy and Air Force Platforms. The MIDS-JTRS will replace the MIDS-LVT to provide secure, high capacity, jam resistant, digital data and voice communications capability. Work will be performed in Carlsbad, Calif., and is expected to be completed by September 2007. Contract funds will not expire at the end of the current fiscal year. This modification and delivery order was not competitively procured. A synopsis was released via the SPAWAR E-commerce website and the Federal Business Opportunities web site. Space and Naval Warfare Systems Command, San Diego, Calif., is the contracting activity (N00039-00-D-2101).

* ViaSat Carlsbad, Calif., is a small business
